

## School Days

*"The difference between school and life?  
In school, you're taught a lesson and then  
given a test. In life, you're given a test  
that teaches you a lesson."*

Tom Bodett

## An Apple for the Teacher

According to aboutapple.com, the juicy fruit is a traditional present for teachers in the United States, Denmark, and Sweden. Some think the practice originated as a simple gift of food for poorly paid teachers. Others believe the good health associated with apples made the present particularly meaningful.

In other words, apples started to represent teachers and education.

They represent the relationship between the teacher and the student, they still give apples sometimes.
